

THE REAL NEWS-REVIEW

AUGUST 2024

His Masterpiece...

Since the day we were conceived by our heavenly father he has been putting together a masterpiece within a bigger masterpiece. That masterpiece is you and I, and the bigger masterpiece is the church. You may not know what your father has instore for you, but he does. He has the perfect plan that will turn into a beautiful mosaic. I like to think in terms of a puzzle or even a beautiful stained-glass window; each piece has its own beauty and purpose to complete the picture.

For me that masterpiece started many years ago in the third grade when I was given my first solo. This sparked my love for music and singing, to this day I can still remember that solo like it was yesterday. The words sung and the hours the choir directors invested in me were God's way of planting seeds in me, because before I could be used as a faithful servant of my heavenly father, I had to know him in a personal way, a lifelong relationship, where he can shape me each step of the way.

Our heavenly father has called each of us for a divine purpose. He equips each of us along the way and adds to our calling as we are faithful to use the gifts and talents, he has given us. As 1 Cor 12:12-31 talks about each of us are different and have different gifts and roles within the body, but it takes us all working together in the body of Christ.

1 Cor 12:18-20 specifically says "...God has arranged each one of the parts in the body just as he wanted. And if they were all the same part, where would the body be? As it is there are many parts, but one body." I was singing and sharing at a church one time and sang my current release "Called". I could see the wheels turning on faces and that the song was hitting many people with emotions. I had people coming up to me saying that the song ministered to them, but there was this one elderly lady that said I never knew what my calling was. She said after she heard the message in the song, she knew what her calling was, and she proceeded to say it was to do the flower arrangements for the church alter and help to make the sanctuary beautiful.

You see each one of us has a gift or a talent that has been given to us to serve in the body of Christ. As we seek our heavenly father's guidance and direction, he will show us what our calling is, it is our job to trust and obey. The journey is not always easy. We will have our good days, but we will also have our bad days. This is a journey of shaping us into being more like our heavenly father each and every day. Looking at Jesus and his journey, his ultimate calling was to be the sacrificial lamb and dying on the cross for all the sins of the world. He died for you and me by taking our place on the cross. But we also know on the third day he arose and has gone ahead of us to make a beautiful place for us.

We are never alone though, he walks with us each step of the way, until the day he calls us home. So, let me ask you what is your calling? Where do you fit into God's masterpiece? Are you seeking him on a daily

basis and trusting him, allowing him to shape you into that perfect piece for the ultimate beautiful masterpiece? For all of us it should be a daily surrender, as I have found God continuing to shape and mold me into the piece, he wants me to be. For now, until he speaks to me otherwise my calling and purpose is to travel and share through testimony and song.

I ask for your prayers that God will continue to use me and open doors to spread his love with others.

Thank you for letting me share my heart with you!

The Spotlight Group

Dear Fellow Believer,

During ActsFest we were in amazement from prophesy by our Founder and minister of 67 years Dr. Paul C. Collins. We were educated from Leviticus and its application to the injury sustained by Former President Trump by Pastors Tom & Donna Moller of Denver Colorado. Bishop Eversen delivered the message of service with vigor and enthusiasm. I discussed my "Holy Spirit Walk in 1987" through the pains of a challenged pregnancy which caused my wife to entrust all the decisions to me for herself and our baby. We began all this with Communion by a lesson of worthiness from Pastor Jared Deeds.

ActsFest demonstrated why The Bible abides in prophesy and why we are to be good stewards of it. Many events are transpiring on a weekly if not daily basis which have Biblical meaning for us. For example, the wars to eliminate of Israel, the assassination attempt of former President Trump, the rise of a non-elected Presidential nominee, government fear and distrust, mass movement of people, homelessness, sexual perversion, and monetary collapse. However, we should not forget the idolatry of the earth, money and fame.

This all being said we have much to "Fact Check," by using The Bible and other supporting religious and spiritual sources which affirm the teaching of The Bible. There is strength in a small group sharing and caring about each other's awareness of not only change but Biblically based change. If you have 10 minutes a month to follow a group email or contribute to the group email please let me know. This is not a Bible Study, a Church Service or a Community Service but an awareness tool we can keep together our conclusions or share in the Christian world via Internet, Gmail Newspapers or phone. Please, also see the attached summary.

July 19-20, 2024

ActsFest 2024 was in keeping of our 31-year history a time of sharing, caring and loving on one another. We enjoyed an intense extemporaneous message of prophesy for the next 5 years by our Founder Dr. Paul C. Collins. Most of us were totally unaware of the collision course of a gigantic meteor in 5 years. Moreover, the magnetism plate holding together California. We were aware of the California Fault Line but actually not what was holding it together and what could literally drop California into the Pacific Ocean!

Pastors Donna & Tom Moller from Denver, Colorado traveled to join us with an amazing report on the right ear injury of President Trump and what it meant according to the Book of Leviticus in the Old Testament of The Bible. The right ear is the ear God speaks to. We were encouraged to read Leviticus 14:17.

Amazingly Bishop Dennis Eversen inspired us to seek others to do the work of John 17 via the reaching of souls without concern of buildings, Denominations, Doctrines but rather through the worldwide web!!! We no longer need convenient weekly or daily reinforcement in our Faith we can receive it through Acts Ministry any time. Acts Ministry’s podcasts, Radio Free America, Veterans Church, Night Church or social media platforms. Our website is also here to serve you: www.actsmediagroup.net

There is more to share next month including most of all “The Holy Spirit!!!”
